I will be making an exploratory trip to Equatorial Guinea in December to submit all licensing forms. These proposed 50-60 day long operations will hopefully be active in January. QSL all Tom's operations direct to home call, DX send SAE and 2-USD and USA send SASE. No LoTW and NO Bureau.

Buddy Buttazoni, W3GRP; Bob Denniston, W9NWX and  
Charlie Orr, W4NND

### VP2V - BRITISH VIRGIN ISL

Peter, W1UU; Leslie, W2LK; Dennis, K2SX and Mike, WA6O will be on Tortola Island November 22-29 as VP2V/ homecall. For the CQWW Contest they will use **VP2VI**. The operation is dedicated to Bob Denniston, WØDX (SK), Contest and DXing legend. QSL VP2VI via W2LK.

*NOTE: Bob Denniston is credited with early, if not the first, operation known as a "DXpedition." "After heading up the "Gon-Waki" VP7NG DXpedition to the Bahamas during the second weekend of the 1948 ARRL International DX Contest, Denniston--then W4NNN--was credited with being the "father of the modern DXpedition."*

*Other firsts included Clipperton FO8AJ and Malpelo HKØTU.*

*The DXpedition's name was a spoof on Thor Heyerdahl's "Kon-Tiki" expedition the previous year. Denniston has said he didn't realize at the time that he was inventing the concept, and he credited CM9AA with coining the expression "DXpedition."*

*For more information on Bob Denniston and his credits see: <<http://www.eham.net/articles/3579>>.*
