5A1A/5A1AL QSL Manager

Beginning July 30, 2016 the QSL process for 5A1AL and 5A1A (1995-2001) will be through my QSL Manager, Randy - W5UE. He will also upload the QSO(s) to LOTW after the OQRS request is made.

There are still a few QSOs remaining on my paper logs. If your QSO(s) are missing in the online (OQRS) log, just send me a short email with the QSO(s) details and I will work with my QSL Manager to resolve the missing contact.

I would like to thank all of my amateur radio friends who have supported me and enabled me to keep 5A on the air under these unstable and unsafe conditions that we are experiencing. A special thanks to AB6Z, W5UE, W6GJB, N6TA, W6PK, K6MKF, K0YQ, N6RK, N6NU and K5AZZ for their support and encouragement. I apologize if I have left any one of my dear friends and supporters off this list.

This list of supporters is not closed by any means! You can be part of the support team that helps me keep 5A on the air. Email me for details <elzo71@yahoo.com>.

73, Abubaker - 5A1AL

EDITOR: I was the original QSL Manager for the 1995 5A1A DXpedition, along with Toly, UT3UY. Over the past 20+ years I have answered literally hundreds of requests for that operation. The log was furnished to me only in a paper, handwritten format. I will be forwarding that log and a small number of blank cards to Randy, W5UE. From this day forward he will be handling all QSL requests for 5A1A/5A1AL contacts.

Randy told me he would probably transcribe the log to electronic format to add to his OQRS page and perhaps upload it to LoTW. He also says that new dual purpose (5A1A/5A1AL) cards are being printed by UX5UO, which will take a while. Anyone using his OQRS page <<http://w5ue.net/qsq-w5ue.html>> and making a PayPal payment will get an LoTW upload within one week.
