Special Events

P-3ØEUDXF (PA) & DL3ØEUDXF: These special calls will be active from October 1 to December 31 in celebration of the 30th anniversary of the European DX Foundation (EUDXF). QSL PA contacts via PA1AW and the DL30 contacts via DJ6SI.

Base Camp on Macquarie Island.

The announcement that the facility on Macquarie would be closed down was barely made public before a huge outcry began that has caused the authorities to reverse their plans.

The facility will NOT be closed and apparently will be upgraded. What this might mean for any ham radio activity from the island in the future isn't clear.

What is clear is the "possibility" of activity will remain open.

Bouvet Island DXpedition 2018

Sept. 23, 2016

The 20-member Bouvet Island DXpedition team is happy to report that our longstanding landing permit (2007) has been updated and revised to conform to current environmental protection regulations, planned landing and helicopter operations, base camp set-up, dates of operation, and operating plans. The updated document has received signatorial approval of the Norsk Polar Institute. Our amateur radio license with the call sign **3YØZ** has also been renewed and will be used during the Bouvet DXpedition 2018.

An international team of pilots has been selected to serve as an interface between the DXpedition team and the DX audience worldwide. They are your voice and will collect your feedback and information during the DXpedition and relay it to the team on Bouvet. Those pilots are:

- NV9L (Val) Chief Pilot
- HK3W (Siso) South America Pilot
- JA1WSX (Hiro) Asia-Oceania Pilot
- K2SG (Tony) North America Pilot
- ON9CFG (Bjorn) European Pilot
- ZS2I (Johan) Africa Pilot

Foundations, DX clubs, corporate sponsors, and individuals have shown enthusiastic support for the Bouvet Island DXpedition. This DXpedition is an expensive project with team members bearing 50% of its total cost. Your financial support is encouraged and welcomed to help us make this happen. Please see our list of donors and sponsors and learn how you can help on our website at: www.bouvetdx.org

ARRL News

Logbook of The World to No Longer Accept Contacts Signed by TQSL Versions Earlier Than 2.009/19/2016.

As of 1400 UTC on January 16, 2017, ARRL Logbook of The World (LoTW) no longer will accept contacts that have been digitally signed by versions of *TQSL* earlier than version 2.0.

Users of earlier versions are encouraged to upgrade as soon as possible, as older *TQSL* versions contain uncorrected defects and display inaccurate error messages. The [current versions](#) of *TQSL* for *Windows*, *OS X*, and *Linux* are available online.

To date, LoTW has confirmed some 135 million contacts for its 90,000 users.

ARRL Outgoing QSL Service to Raise Rates

09/22/2016: Although ARRL believes it's important to maintain the long-standing tradition of the [ARRL Outgoing QSL Service](#) as a membership benefit, increased administration costs will require an increase in rates, in order to keep the Service available and viable.

Effective November 1, the rate for 1 ounce of outgoing QSLs via the Service will increase to match the 1 ounce USPS international postage rate. As of September 2016, this rate is \$1.15 per ounce — about 10 cards. An additional service fee of \$7 will be charged per individual transaction, to cover administrative costs.
