Editor

Issue 2010-49E

9Q5ØON - DEM. REPUBLIC OF CONGO

The team of ON Ops were to be closing down on Monday, Dec 13, after a very good operation from a difficult location. Much time was spent working 160 even though they obviously had some noise problem receiving. ON4BR will be handling the QSLing and filed this report: "QSL cards have to be ordered and printed so please be patient. It might take a while before we are able to start answering direct requests or send your confirmation via the bureau. Thanks for your understanding."

A35KL - TONGA

OPDX reports that Dave, W6ZL expects to be active from FOA ISL (OC-169) December 16-20. Using a K3 and verticals on the beach, he plans to work mostly CW on 80-10. RTTY & SSB are possible. There is no internet available. QSL via LoTW or direct to W6ZL with SASE or new style IRC.

CYØ - SABLE ISLAND

Once again old man *MURPHY* has hit the Sable Island team. First the airplane and now the weather. Here is the latest information from Randy, NØTG on what the future holds.....
"The CYØ team has coordinated with the approving authorities and flight charter services to access Sable Island for a "third" try. March 2011 has been approved. The exact date will be determined in the near future. The link "How to Contribute" on the web home page for those able to consider this matter will be helpful and appreciated. Additional details will be provided as they develop. <<http://www.cy0dxpedition.com/>>."

H44DA - SOLOMON ISL

Shane, VK4KHZ will be active from Guadalcanal in the Solomons January 6-16. He plans to focus on 6 meters but will be active on the lower bands as well. QSL to home call.

JD1 - OGASAWARA

J15RPT/JD1BLY and JH7PSJ/JD1BMH will be active from Chichijima Island (AS-031) December 24 to January 8. JD1BLY will be on the air Dec 24 to Jan 3 and JD1BMH from Dec 30 to Jan 8. QSL to the respective home call.

Silent Key

Sheikh Ahmed Mohamed Zidan, HZ1HZ

An item in Daily DX today caught my eye. They report that HZ1HZ is now a Silent Key. He was born in 1914, making him 96 years of age. I remember my first contact with him when I was still in my teens and then receiving the remarkable (at that time) QSL card with gold trim. It was years later that I discovered just who he was. He served his government in the PTT Ministry, retiring in 1972 as the Deputy Minister of Communications. He also represented Saudi Arabia at all ITU conferences & meetings since 1956.

*Enjoying a night out, we find (l to r) Roberto Marcos, HC2GT; Alberto Pincay, HC2AQ and Alfredo Solines, HC2AL (otherwise known as "Sapo Loco-The Crazy Frog").

KC4AAA/KC4AAC/KC4USV - QSLING

The following is an update, on the QSL situation for these stations operating from Antarctica....

Larry, K1IED is the QSL manager for KC4AAA (Amundsen-Scott South Pole Station), KC4AAC (Palmer Station on Anvers Island, AN-012) and KC4USV (McMurdo Station on Ross Island, AN-011). "I want everybody to know that I have and always have sent out any cards that I have gotten logs for," he says. "It has been very difficult to get logs from some of the stations. Some operators never even log the contacts. None of the stations have a logging program so I have to wait for paper logs which can take months or a spread sheet sent to me by the operator when he gets around to it. I have not received any logs from KC4AAA or KC4AAC since January. I did get a short log from KC4USV in November and those cards are on the way".

PJ6A 2010 DXPEDITION PRESS RELEASE

The PJ6A QSL cards have been designed, printed and received from the printer. The process of verifying claimed QSOs vs. actual log data is well under way and the first of the QSLs have been mailed. Because this is an all time new DXCC entity the worldwide demand for the PJ6A QSL is tremendous. The QSL manager, Bill N4NX has prepared a routine that will utilize PJ6A team members to aid in expediting the QSLing process. The work will continue on a daily basis until all requested QSLs are in the mail.

Please do not send email with questions about the current status of individual QSLs as this will only slow the already large workload.

The logs will be uploaded to the ARRL Log Book of the World (LoTW) on 1 January 2011.

IOTA NEWS

The IOTA net meets on 14260 kHz at 1300 UTC on Saturdays and on 21260 at 1300 UTC on Sundays. The following frequencies are considered as the meeting place for Island chasers: CW - 28040, 24920, 21040, 18098, 14040, 10114, 7030 and 3530 kHz; SSB - 28560, 28460, 24950, 21260, 18128, 14260, 7055 and 3765 kHz.

* **NA-180 - TOBACCO CAYE (V3):** Joe, DJ1JB/V31ML and Max, DJ4EL/V31ME will be operating from FOUR Belize islands in January. They plan to be active:

Jan 10-11, AMBERGIS CAYE—NA-073

Jan 11-14, CAYE CAULKER—NA-073

Jan 14-18, LONG CAYE—NA-123

Jan 18-26, TOBACCO CAYE—NA-180

They plan to operate 80-10 SSB with a TS50 and IC706. QSL to respective home call.

* **SA-031 - WOLLASTON ISL (CE):** Cezar, VE3LYC and Johan, PA3EXX will attempt a very challenging trip to activate the # 6 Most Wanted IOTA-Wollaston, and a NEW ONE SA-097, Diego Ramirez Islands between January 7 & 22. They plan to operate for four days from each location. Weather and sea conditions may make it necessary to change the schedule.

Logistical support is being provided by the Radio Club de Chile and Radio Club de Punta Arenas. This is a difficult and an expensive operation.

Cezar and Johan are seeking groups and individuals who wish to be a part of this effort. Financial support may be sent by mail to Cezar or via PAYPAL to <tiberius.triful@gmail.com>. Callsigns and QSL information will be forthcoming.

DX-TRA's

* **3B8/F6HMJ - MAURITIUS:** Jacques will active Jan 5 to Feb 21—EXCEPT Jan 11-20 when he will be going to Rodriguez as 3B9/F6HMJ. He will be working all bands on CW/SSB and perhaps RTTY. QSL to home call.

* **3B9/F6HMJ - RODRIGUEZ:** Jacques will take a side trip to Rodriguez Jan 11-20 while he is in the area.....see above.

* **7P8RU - LESOTHO:** This is Sergey, RV9WJ who will be leaving the end of this week. He has been reported on 80, 40, 30 & 20 SSB/RTTY/PSK31. QSL to home call.

* **DU - PHILIPPINES:** Hans, has been active as DU9/DL5SDF but now has the call 4F9HXB. He has been heard on 160, 80, 30 & 20 CW. QSL via DL5SDF.

* **OE46ADXB - AUSTRIA—SPECIAL EVENT:** This callsign will be on the air Dec 15-31 in celebration of the 40th anniversary of the Austrian DX Board. Activity will be on 80-10 CW/SSB/Digital. QSL via OE1BXC.

* **TG9/DL5RMH - GUATEMALA:** Martin will be active Dec 16 to Jan 13. He plans to operate CW on 40-10. QSL to home call.

*** QSL's RECEIVED:**

W1HEO: **5V7TT VIA I2YSB; 9A7B; F5RAB/p; SV2FPU/8** direct; **VU2RBI.**

K3BEQ: **3C9B** via EA7FTR; **3C0C** via EA7FTR; **RW2F** via DK4VW; **UN7QF** via W7BO; **XU7ACY** via W2EN.

W5KNE: The following were all confirmed using LoTW: **AA4V/VP9; S79K; FO8RZ; T70A; BX5AA; CR3A; EF8R; CQ9T; UW0K; GI6K; 8N5A; 8S0C; KH7Y.**

K8GG: **PJ6A** via N4NX (6 weeks).

V47KP & V48M QSL Update

(Thanks to Daily DX for the following)

W2OX, Alex, says all the QSLs in his possession from K2SB and all direct mail requests for V47KP and V48M have now been answered. He sent out 21 pounds of out-going bureau cards, costing \$210, to the ARRL in September. He notes, "If I don't have a QSL card request, I can't answer." So, he says, you either didn't send a card or your card got lost before it got to him.

Send only to this address: A. Aimette, W2OX

PO Box 64436, Souderton, PA 18964 USA.

You may also inquire via email, "but be reasonable and always include your return snail mail address."

60 Meter Update

Joe, W8GEX

I apologize for not keeping up with the 60m news. Since my PJ7E trip, I have been busy wrapping up all post Dxpediton details. By the way, our PJ7E QSL manager now has the cards and they should be out in a few weeks. He is going to mail all of them at once.

WAKE ISLAND: Colin WA2YUN/KH9 reports that he'll check 60 meters between 09Z and 11Z most nights on CH5.

St. Lucia: Kent, K4MK reports, The Caribbean Buddies (Buddipole) group were on St. Lucia from Dec. 05 thru Dec. 13, and were on 60 meters at various times during the week.

Hopefully some of you have worked this group while they were there. I understand Mike was very active.

Active last week: TF1EIN LA2FKA LA9BM G0HGZ G4PCB G0HNV G3SED J6/ K4MK

KH6BZF REPORTS

December

15 AN	17 AN	19 AN	21 AN
16 AN	18 AN	20 AN	22 AN

AN = Above Normal Geomag Level =QUIET

QUIET=A Index between 0 & 7; K Index=2 or less

Don't forget the 60 meter chat page at: (<http://dxworld.com/60mlog.html>). You can post who you are hearing, or post yourself on what channel you're calling CQ.

The web site for 60 meters is (<http://www.60meters.net/>).

If you have any news, please let me know at: (w8gex@aol.com). Let Tom K4MM know of anything that should be added to the webpage.
